"I knew AmplifyME's training would be the perfect way to supercharge my son Michael's passion for finance as he heads to university. His understanding of markets has grown tenfold, and he's now convinced he wants to pursue a career in markets or private equity. AmplifyME stood out as market-leading, combining hands-on learning with real-world insight from experienced professionals."

Accreditation & recognition

IS THE BOOTCAMP RECOGNISED BY THE TOP FINANCIAL INSTITUTIONS?

Yes, upon completion, you are awarded a Level 5 Accredited Diploma by LIBF (London Institute of Banking and Finance). This is highly recognised in the industry through our close relationships with many of the world's largest financial firms, who also integrate the AmplifyME simulations in their own training programmes.

IS THE BOOTCAMP ALL ABOUT TRADING?

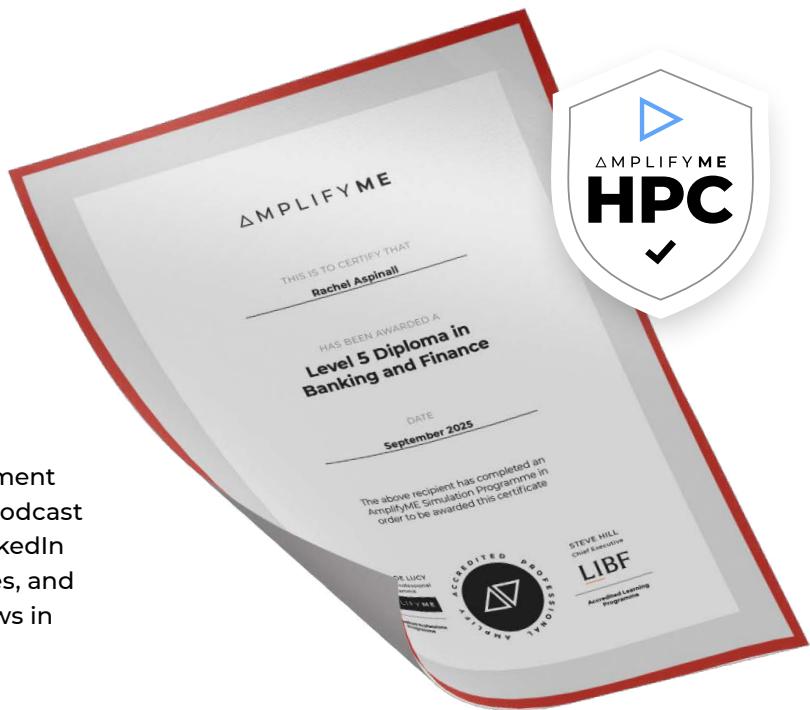

Not at all. The programme rotates students through different financial roles; from investment banking, to sales trading and market making, to asset management, research, private equity and technology in finance.

DO YOU HELP WITH CAREER DEVELOPMENT/CV?

Yes, the bootcamp includes career development sessions led by finance commentator and podcast host Anthony Cheung. You'll refine your LinkedIn profile and CV, practice interview techniques, and gain tailored guidance on securing interviews in your chosen pathway.

COULD THE BOOTCAMP LEAD TO REFERRALS AND FURTHER TRAINING?

Yes, we will offer our HPC Programme to top performers in certain areas which means further training for free throughout the year and beyond, and if suitable, referrals to our global partners including Morgan Stanley and UBS.

"Students and graduates with AmplifyME's training on their CV stand out to the recruitment team here as those who have gone the extra mile to get that rigorous, practical experience. We know they're desk ready, and it sets them apart."
